

# SYNERGY SYSTEM 200

## BENEFITS

- **4Hr Dry Formula** – Same day/next back into service for hotels, apartments, and commercial properties
- **High Performance** – Latest technology is highly resistant to chemicals, solvents, acids, UV and is non-yellowing
- **Easy to Use Formula** – Designed for novice applicators - Virtually no learning curve
- **Superior Gloss** – Gloss ratings of up to 94+ are now possible in all weather conditions
- **Maximum Durability** – 4H pencil hardness is the new standard for commercial applications
- **Self-Leveling Formula** – Virtually eliminates spraying defects like “Orange Peel”

## HIGH PERFORMANCE ACRYLIC URETHANE TOPCOAT SYSTEM

Synergy System 200 is a new generation of ultra high-performance acrylic urethane topcoat that delivers maximum durability, superior gloss and leveling capabilities, and provides value in an easy to use fast drying formula.

Designed for the professional refinishing industry, this high solids fast drying formula is perfect for refinishing bathtubs, ceramic tiles, laminates, and cabinets. Other substrates include: steel, fiberglass, aluminum, acrylic, porcelain, countertops, vinyl, wood, and cementitious surfaces.
